Royal Ulster Yacht Club

Beam: 19' 9"

Displacement: 134 Tons

Sail Area: 7,550 Sq. Ft.

Last yacht built by owner Thomas Lipton to challenge for the America's Cup. Lost to Enterprise 4-0. This was the fifth in a series of boats that Lipton tried to obtain the cup back for England. After losing, he said "I cannot win" and gave up. The Shamrock V was restored in the 1990's and is still racing with the other J-Class yachts today.
