

CHRIS CRAFT RIVIERA

1950-1954

L.O.A. 17' 7"

Beam: 6'3"

Draft: 19"

Builder: Chris Craft

Hulls Built: 1210

Weight: 2055-2265 LBS.

Over the period from 1950-1954, 1210 hulls of the 18' Riviera's were built. Chris Craft also built 16' and 20' versions of the Riviera but the 16' was halted due to being sluggish and underpowered. The first 119 hulls of the 18' version had maroon seats with the rest being red naugahyde. The finish was natural with the deck having a blonde king plank. The building of the Riviera model was halted in favor of the Capri in 1955.
