

# SKIPJACK MINNIE V (1906)

## Instructions:

Follow these instructions carefully and step by step. The rigging lines of the boat could tangle easily so do not undo the lines until instructed.

1. Unwrap the hull and stand. Place the hull into the stand with the hull facing forward to your right. Keep the starboard side of the boat facing you in order to follow the instructions and to compare with the diagrams.
  - 1a. Study the open eyes of A, B, C, & D. They each have a fixed position that corresponds to different rigging lines and sail sheets of the boat. See diagram (1).
2. Unwrap the packing of the mast. You will find a brass hole. **The brass eye must face towards the stern of the boat.** Please insert the mast into the mast step in the center of the deck.
  - 2a. Hook the front headstay line on the bow up to the top of the mast. See diagram (2)
3. Unpack all of the sails. You may want to press the sails with an iron to get out any wrinkles. Each sail is numbered for convenience of set up. You should have sails 1 and 2. Do not remove the numbers until the set up is complete. Compare the numbers on the diagram, which shows the exact location of each sail. See diagram (3).
  - 3a. Hook the top of the main sail no. 1 to the uppermost eye on the mast. Lead the main halyard line with blocks & hooks down to eyes A & B at the portside. Then hook the other main halyard line up to the top mast eye, then down to eyes A & B on the starboard side. You will find two lazy jack lines on each side of the main sail. Attach each hook up to eye M1 on the mast on each side. Next, secure the main sheet by hooking the block under the boom to eye C right on the taft rail. See diagram (2)
  - 3b. Find sail no. 2. Attach the top of the sail up to eye M2 on the front of the mast; lead the tack (front) of the sail down to eye D on the top of the bowsprit. Secure the jib sheet by hooking the sheet line to the traveler on the deck. See diagram (2)

Your Sail Classics yacht should now be complete. Enjoy!
